The Ultimate
FROZEN YOGURT
Experience

With **REIS & IRVY'S** Kiosks, self-service has evolved to the pinnacle of customizable, on demand frozen yogurt treats. Nowhere else can your customers design a frozen yogurt treat and have a robot build it to their exact specifications.

REIS & IRVY'S Kiosks will enhance your customers' experience, resulting in increased consumer loyalty and higher revenue.

Kiosk Features

Customer chooses from 3 flavors of frozen yogurt and 6 toppings

Requires very little "time-off" - can be operated 24/7

Accepts cash/credit

Full installation, training and support provided

Simple and fun to use

Simple to load, clean and maintain

HIGH REVENUE. LOW TOUCH. MAXIMUM FUN.

The world of health and goodness entered a new era with **REIS & IRVY'S**® Kiosks, the world's first and only robotic frozen yogurt kiosks.

On the go, need a healthy treat, but don't have time to search? Design your own frozen yogurt with the flavors and toppings you want.

REIS & IRVY'S® Kiosks bring the fun of freshness to you.

Increase Profitability

Robofusion Kiosks sell a high margin product with a one of a kind delivery system that will drive high margin per square foot for your venue.

Low Touch

Robofusion Kiosks can operate 24/7 - requiring no full time staff to operate. Kiosks need approximately 30 minutes of service per day.

Fun

Robofusion redefines the way yogurt is delivered. We create lasting memories through our innovative entertainment platform. As a result, your customers will build their own customized frozen yogurt treats, creating lasting memories. All with a little help from the Robofusion robots.

Exciting

Be part of the growing trend towards self-service. Robofusion creates a WOW factor and offers a highly interactive user experience.

Unique

Robofusion has no competition. We own the patents to the Robotic Kiosks and are the clear leader in Interactive Robotic Kiosks. We will continue to define the market and drive innovation.

FRESH. FROZEN. YOGURT.

Designed by You!
